

Sample Submission Form

Sample submission Procedures:

1. Clearly label all sample tubes and/or reagents with a unique identifier and date of preparation.
2. Parafilm/seal all tubes and enclose in a plastic bag.
3. Enclose form detailing the contents of the shipment with sender's contact information.
4. Ship all RNA samples on dry ice to Microarrays, Inc.
5. Notify MI, where possible, of the date of shipment of samples.

Sender Contact Information
